Item no. 11 25 10 00

Paper Waste

Is to contain

- ✓ Paper Waste
- ✓ Cartons
- ✓ Milk and juice cartons

Is not to contain

- ✓ Other waste materials
- ✓ Cardboard
- ✓ Paper towels

Description

Various types of paper waste; newspapers, office papers, magazines

Collection

Receptacles or containers

Processing

Upon delivery, a visual check is performed at the waste reception facility before the paper waste is sorted and returned for recycling.

Recycling

The paper waste is recycled and made into new paper or paper towels.

Non-compliance

A fee may be charged if the paper waste is not sorted according to information provided in the fact sheet. If sorting is not possible, the entire delivery can be reclassified as residual waste.
